#### **Additional Information**

Additional information about the securities covered by this prospectus and the plans may be provided to you in the future as additions to the prospectus or in other written communications, if any.

#### **Resales not Covered by the Prospectus**

The Prospectus does not cover the resale of shares of Company common stock acquired under the plans by persons who may be deemed to be "affiliates" within the meaning of Rule 405 of the Securities Act. Rule 405, in effect, defines "affiliates" as persons who "directly or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with" the Company. Ordinarily this concept only extends to persons who are executive officers, directors, or substantial shareholders (5% or more) of the Company.

Non-affiliates may freely re-sell to the public any shares of Company common stock acquired under a plan. Affiliates, however, may only re-sell under a separate registration statement and prospectus (which the Company has no present intention of filing) or assuming the availability thereof, under Rule 144 of the Securities Act or another applicable exemption from registration.

Participants who are officers or directors of the Company are subject to the reporting and short-swing profits liability provisions of Section 16 of the Securities Exchange Act of 1934 (the "Exchange Act"). Consequently, these participants should be aware that reporting obligations may arise as a result of switching into or out of the tax-qualified plans' Company stock fund at a profit within six months and may present risk of liability under Section 16 of the Exchange Act.

#### **Restrictions on dealing in Company stock**

Certain plan participants may be subject to restrictions on dealing in Company common stock through the plans. If your ability to deal in Company common stock is restricted, you will be notified of these restrictions.

#### **Important legal information**

The securities offered through the plans have not been approved or disapproved by the SEC, nor has any state securities commission passed upon the accuracy or adequacy of the prospectus. Any representation to the contrary is a criminal offense. No person is authorized to give any information or to make any representations not contained in this prospectus.
