YOUR DOCTOR

AND MEDICAL CARE

Quick start

STEP 1.

CHOOSE A PERSONAL PHYSICIAN

Good health care begins with your building a relationship with your personal physician. Your doctor is your health care advocate, your direct link to all Kaiser Permanente facilities, and your source for referrals to specialists.

Select your personal physician from any of our available providers. You can change your personal physician at any time and for any reason.

To choose a provider:

1. Select the clinic location where you plan to receive services. Most members select a clinic that is convenient to home or work.
2. Choose a doctor from one of three primary care options:
 - **Family Medicine** cares for members of all ages and specializes in caring for entire families.
 - **Internal Medicine** specializes in medical and preventive care for adults.
 - **Pediatrics** focuses on the specialized needs of children from birth to the age of 21.

STEP 2. HOW TO MAKE AN APPOINTMENT

Call your doctor's office or go online to **kp.org**. (Scheduling appointments on **kp.org** is not applicable to specialty care departments). Have your Kaiser Permanente ID card ready and present it, along with a valid photo ID, when you check into the clinic.

Also provide information about any other health plan coverage you may have. Bring those ID cards too.

- Write down any questions or concerns you'd like to address with the doctor.
- Be ready to describe your symptoms and bring the names of any medicine you are taking.
- Tell the doctor about any treatment you are currently receiving and be sure you understand any medical instructions given to you.

To cancel an appointment, call the 24-hour appointment cancellation line of your Kaiser Permanente clinic. If you're bringing in a child that is not your own, please get an authorization form from the Customer Service Center or have a notarized Health Care Power of Attorney form.

YOUR DOCTOR AND MEDICAL CARE

STEP 3. PAYING FOR SERVICES

When it's time for your appointment, be prepared to pay your cost share. Your portion may include a copayment or coinsurance. Pay with cash, personal check, or credit card including Visa®, MasterCard®, Discover®, and American Express®.

Supplemental charges, such as office visit, lab, X-ray, other test, procedure, or prescription medication copayments, are due on the same day that you receive services.

You may be billed supplemental charges for services performed after you've paid and left the clinic. For example, your doctor may need to send tissue samples or specimens for further testing and to maintain optimal results and analysis.

You will be informed in advance if any deposits or prepayments are required prior to certain high-cost services or items related to scheduled procedures.

Questions? Call our Patient Financial Services Department at **808-432-5340** (Oahu) or toll free **1-888-597-5340** (Neighbor Islands).

Members on Kauai, Lanai, and Molokai

We have contracted with independent primary care providers on Kauai, Lanai, and Molokai. As a member, you can choose your own personal physician for all primary care needs as well as the management of your care, including the coordination of specialty care and referrals. For a directory of primary and specialty care physicians, call our Customer Service Center. Or visit our Web site at kp.org.

Self-referral and Ancillary services are available via contracts locally with appropriate providers. For a list of services and departments you can see without a referral, review the Self-referral section on page 20. Ancillary services are services such as home health, skilled nursing facilities, lab tests, diagnostic imaging, hospice, durable medical equipment, and pharmacy. An authorized referral is required for specialty and ancillary care.

Hospital care is available on Kauai at Wilcox Memorial Hospital, West Kauai Medical Center, and Sam Mahelona Memorial Hospital for urgent or emergency care. Hospital care is also available on Molokai at Molokai General Hospital, and on Lanai at the Lanai Community Hospital. Specialty and hospital care may be directed and/or transferred to Kaiser Permanente Moanalua Medical Center.

Travel coach airfare is paid as a courtesy for qualified Hawaii members upon referral by a contracted Kaiser Permanente doctor if treatment on Oahu is recommended. Travel restrictions exist for certain conditions.

Preventive care guidelines

You can make a positive impact on your health just by following some basic health guidelines and by getting recommended medical screening tests. It has been scientifically proven that certain healthy lifestyle habits can go a long way toward helping keep you well and potentially add years to your life. These habits include not smoking; eating a low-fat, high-fiber diet; wearing seat belts; and maintaining a regular exercise program.

As your health care partner, we'll do our part by focusing on early detection and timely treatment of disease. To monitor your health and identify symptoms at an early stage, we ask that you follow these

preventive care guidelines. The services listed can be obtained through your health care team.

The preventive care guidelines on pages 13 to 17 are for healthy adults and children with no symptoms of illness. Your doctor may recommend that you have some of these tests more often based on the information you provide, including your age, medical history, and lifestyle. Children need frequent health examinations to have their growth and development monitored and to receive immunizations. Preventive care schedules often incorporate these aspects into each visit. The schedules allow for some variation.

Safety and Health

AGE*	RECOMMENDATION	COMMENTS
Infant	Ensure safe sleeping	Babies should sleep on their sides or backs (not stomachs) to help prevent sudden infant death syndrome (SIDS).
Infant	Avoid sun exposure	Sun exposure is the direct cause of skin cancer. Keep your baby covered up when outside or use a sunscreen specifically formulated for infants.
Infant/toddler	Prevent injuries and accidents	Childproof your home with childproof latches, outlet covers, and other safety devices.
Infant/toddler	Provide proper nutrition	Feed your baby with breast milk, if possible, for at least the first year. Low-fat diets are not recommended for infants and toddlers.
Infant/toddler	Prevent tooth decay	Wean your child off the baby bottle at age 1 year. Liquids with natural or artificial sugar, such as milk or juice, contribute to tooth decay. Give daily fluoride if recommended by your doctor.
Infant/toddler	Travel safely	Always put your child in an age-appropriate, approved car seat. Car seats should be installed in the back seat only.
School age/adolescent	Practice good oral hygiene	Brush regularly with a fluoride toothpaste, and floss daily to prevent gum disease.
School age/adolescent	Prevent injuries and accidents	Always wear a seat belt. Use safety equipment, such as helmets and other protective gear, when riding a bicycle, skating, and playing sports.
School age/adolescent	Avoid alcohol	Don't drink. Don't ride in a car with a driver who has been drinking.
School age/adolescent	Say no to tobacco and drugs	Don't smoke or chew tobacco. Don't take drugs. If you want to quit, talk to your health care practitioner—we can help.

AGE*	RECOMMENDATION	COMMENTS
School age/ adolescent	Limit sun exposure	Apply sunscreen before going out in the sun and reapply regularly. Wear long-sleeved shirts, hats, and sunglasses whenever possible.
School age/ adolescent	Eat a balanced diet	Have 5 or more servings of fruits and vegetables every day. Limit fat and cholesterol. Eat foods high in fiber, iron, and calcium.
School age/ adolescent	Exercise regularly	Participate in sports or some other form of exercise for at least 60 minutes each day.
Adolescent	Prevent sexually transmitted diseases and unintended pregnancy	Abstinence is your best protection. If you are sexually active, always practice safe sex and use contraception.
All	Avoid accidental poisoning	Keep medications, household chemicals, and other dangerous substances locked up and out of reach. Keep the Poison Help number handy (1-800-222-1222).
All	Install smoke detectors	Check alarms once a month and change the batteries yearly.
All	Prevent firearm accidents	Encourage gun safety. Lock up guns and keep ammunition separate.
All	Provide clean air	Don't allow anyone to smoke in your house, your car, or around your child.

Kaiser Permanente covers a variety of preventive care services, which are services that do one or more of the following: 1) Protect against disease, such as in the use of immunizations; 2) Promote health, such as counseling on tobacco use; and/or 3) Detect disease in its earliest stages before noticeable symptoms develop, such as screening for breast cancer. If you have questions about coverage of medical services mentioned in this grid, please see your Benefits Summary or contact our Customer Service Center at **808-432-5955** (Oahu) or **1-800-966-5955** (Neighbor Islands).

These are recommended preventive guidelines that are subject to change and may not reflect what is a covered benefit.

YOUR PRESCRIPTIONS

Coverage of prescription drugs varies depending upon your benefit plan. If you have a prescription drug benefit, show your Kaiser Permanente ID card when filling prescriptions.

Where are the pharmacies?

Pharmacies are located in most Kaiser Permanente clinics and are open during clinic hours. Members may get prescriptions filled and buy over-the-counter medications and supplies at Kaiser Permanente pharmacies or selected non-Kaiser Permanente pharmacies.

How to transfer prescriptions

Call the Kaiser Permanente pharmacy that is most conveniently located for you and provide your prescription numbers and the name and phone number of your current pharmacy. Our pharmacy team will take care of the rest. After transferring your prescriptions, you can save time by ordering refills using My Health Manager at [kp.org](https://www.kp.org). Most refills can be mailed to you at no extra charge.

What's covered?

We use a drug formulary to help make sure that the most appropriate safe and effective prescription medications are available to you. This list includes both generic and brand-name drugs covered under the prescription drug benefit, if you have one. We review this list regularly so that we can compare new drugs and remove drugs that can be replaced by newer, more effective medications. The

formulary also restricts drugs that can be toxic or dangerous if misused.

What's not covered?

- Nonprescription or over-the-counter medicines
- Drugs for cosmetic uses
- Dental prescriptions (unless prescribed for a medical condition)
- Drugs used for reasons not approved by the FDA
- Plan-excluded prescription drugs

Non-formulary drugs are those that are not included on our drug formulary. Even though non-formulary drugs are generally not covered under our prescription drug benefit plan options, your Kaiser Permanente doctor can request a non-formulary drug for you. If formulary alternatives have failed and use of the non-formulary drug is medically necessary, you may purchase your prescription at your usual drug copayment or receive a refund on prescriptions for which you have already paid full price, provided the drug isn't an exclusion under the prescription drug benefit. Non-formulary drugs are not usually stocked in our pharmacies, so it may take a little longer to have your prescription filled.

If you would like to check on the coverage of a specific drug, or have questions about any limitations on prescribing or access to drugs, contact a pharmacist at any Kaiser Permanente pharmacy.

YOUR PRESCRIPTIONS

Some Kaiser Permanente pharmacists, known as clinical pharmacists, can work directly with you and your physician on complex drug therapies, such as blood thinners, asthma, cancer, diabetes, hepatitis, kidney problems, high blood pressure, and high cholesterol. Clinical pharmacy services may be requested through your physician.

Prescription refills

Save time and money on refills! If you have prescription drug coverage, you can get a 90-day supply of qualified prescription drugs covered under your drug rider for the price of 60 by using our convenient mail order service.* And we pay the postage!

ORDER REFILLS 24/7:

- Online at kp.org for quickest turnaround time
- Automated prescription refill service:
Call **808-432-7979** (Oahu)
1-888-867-2118 (Neighbor Islands)

OTHER OPTION:

Order via Pharmacy Refill Center at **808-432-5510** (Oahu) or toll free **1-866-250-1805** (Neighbor Islands), Mon.- Fri., 8:30 a.m.-5 p.m. TTY users call **1-877-447-5990**.

Refill when?

When you have a 3-week supply of your existing medications remaining, it's time to request a refill.

If you're picking up your prescriptions at a clinic pharmacy, refills are usually ready for pickup in one business day. Prescriptions requiring a physician's approval are usually ready in two business days. Log on to kp.org or call Kaiser Permanente Hawaii's automated prescription refill line in advance to make sure that your prescription is ready. Orders not picked up within one week are returned to stock.

**NOTE: We are not licensed to mail medications out of state. There are restrictions for delivery of certain medications and supplies, including but not limited to controlled medications, injections, medications affected by temperature, and medications excluded by Kaiser Permanente's Pharmacy & Therapeutics Committee.*

SPECIALTY CARE

Specialty care

EMERGENCY SERVICES

Emergency Services

We cover emergency care from Plan providers and non-Plan providers anywhere in the world. If you think you're having an emergency, go immediately to the Emergency Department. If you need an ambulance, call **911**. Don't call Kaiser Permanente and waste precious time.

Emergency medical conditions need immediate medical attention to avoid a serious threat to your body or your health. These conditions might include:

- Severe pain
- Suspected heart attack or stroke
- Extreme difficulty in breathing
- Bleeding that will not stop
- Major burns
- Seizures
- Sudden onset of severe headache
- Suspected poisoning

Your Kaiser Permanente plan defines an "Emergency Medical Condition" as an illness or injury that manifests itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in any of the following:

- Placing the person's health (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy;
- Serious impairment to bodily functions; or
- Serious dysfunction of any bodily organ or part.

Copayment for an Emergency Department visit varies depending on your plan benefits. Refer to your *Benefits Summary* for a description of coverage.

For urgent and non-life-threatening medical conditions, you must go to a Kaiser Permanente clinic or to our Moanalua Medical Center on Oahu in order for coverage to apply. Continuing or follow-up care from non-Kaiser Permanente practitioners is not covered.

If admitted to a non-Kaiser Permanente facility, you or a family member must notify us within 48 hours after care begins (or as soon as reasonably possible) by calling the phone number on the back of your Kaiser Permanente ID card. This must be done, or your claim for payment may be denied. We may arrange to transfer you or your family member to a Kaiser Permanente facility as soon as it is medically appropriate.

HOSPITAL SERVICES

Hospital Services

Kaiser Permanente Hawaii's Moanalua Medical Center is a full-service hospital. Integrated and comprehensive quality care is what sets us apart. Our specially-trained clinicians and state-of-the-art facility provide medical, surgical, perinatal, neonatal, pediatric, and intensive care for acute illness and injury. The Center also includes an ambulatory surgery and recovery (ASR) department, ambulatory treatment center (ATC), a clinical decision unit for observation stays (CDU), operating rooms, and emergency services.

Admission is based on a physician's review of your medical condition. For planned admissions, such as elective (nonurgent) surgery, the admitting physician will notify you when to report to the hospital. We also work closely with you to plan a smooth and timely discharge.

NEIGHBOR ISLAND MEMBERS

Our physicians will direct you to a Kaiser Permanente-designated hospital on your island. This may include Maui Memorial Medical Center, Kona Community Hospital, Hilo Medical Center, North Hawaii Community Hospital, Wilcox Memorial Hospital, West Kauai Medical Center, Sam Mahelona Memorial Hospital, Molokai General Hospital, or Lanai Community Hospital. The need to admit or transfer to the Moanalua Medical Center will be determined by your physician.

Joint Commission accreditation for Kaiser Foundation and Oahu Home Health

The Joint Commission is an independent, not-for-profit organization founded in 1951. It is dedicated to continuously improving the safety and quality of the nation's health care through the accreditation process.

Organizations voluntarily undergo a survey by a full team of Joint Commission experts every three years. Kaiser Foundation Hospital (Moanalua Medical Center) and Oahu Home Health voluntarily completed the survey in May 2009, and accreditation status was awarded to both entities.

As an accredited organization, our goal is to provide you with outstanding care. If you have a concern about the quality of care and/or patient safety in the hospital or Oahu Home Health, please contact Hospital Administration. You may find them on the first floor of the hospital, or you can reach them through the hospital operator at **808-432-0000**.

You may contact the Joint Commission's Office of Quality Monitoring at **1-800-994-6610** or by emailing **complaint@jointcommission.org** fax: **(630) 792-5636** or mail to:

ADDITIONAL INFORMATION

Eye care coverage in base benefit

All Kaiser Permanente members have an eye exam benefit as part of the base health plan coverage. The eye exam screens for eye conditions related to injuries or disease of the eye, including glaucoma or cataracts. Also included is routine eye examinations for eyeglasses. Your eye exam information as well as your corrective vision prescription are stored in your electronic medical record, which is accessible to your entire Kaiser Permanente health care team.

For information about your optical benefits, please review your *Benefits Summary* or call Customer Service. If eligible, you may apply your Kaiser Permanente optical benefit toward eyeglasses or contact lens purchases. To make an appointment, call a clinic location that is convenient for you. For optical center locations, check *Our Physicians and Locations Directory* or visit kp2020.org.

Care received outside the Kaiser Permanente system

The only care from non-Kaiser Permanente practitioners or providers that may be covered is:

- An authorized referral when your Kaiser Permanente physician refers you for care that is not available from Kaiser Permanente.
- Emergency care.
- Out-of-area urgent care when you temporarily travel outside the Hawaii service area.

Outside the Hawaii service area, benefits are limited to authorized referrals (when your Kaiser Permanente physician determines the services you require are not available in the Hawaii service area), emergency benefits, ambulance services, and out-of-area urgent care when you are temporarily away from the Hawaii service area. “Urgent care” means necessary services for a condition that requires prompt medical attention (but is not an emergency medical condition) when:

- You are temporarily away from the Hawaii service area.
- The care is required to prevent serious deterioration of your health.
- The care cannot be delayed until you are medically able to safely return to the Hawaii service area or travel to one of our facilities in another Kaiser Permanente region.

Continuing or follow-up treatment at a non-Kaiser Permanente facility is not covered. When you are temporarily traveling outside the Hawaii service area, which consists of the islands of Oahu, Maui, Kauai, Lanai, Molokai, and Hawaii, you may require medical services for emergency or urgent problems. Please have your Kaiser Permanente ID card with you at all times. If you’re admitted to a hospital, you or a family member must call the toll-free number found on the back of your ID card within 48 hours of your hospital admittance or your claim may be denied.

Services at Kaiser Permanente facilities in our other regions are provided while you’re visiting the area for less than 90 days. Visiting member services are

ADDITIONAL INFORMATION

different from the coverage you receive in your home region. Be sure you have your Kaiser Permanente ID card with you at all times. The visiting member program is not a plan benefit but a service offered to members as a courtesy. Changes to the program may occur at any time.

Members who move anywhere outside the Hawaii service area will be terminated (this does not apply to dependents up to age 26. However, should the subscriber move outside the Hawaii service area, all dependents will be terminated, including dependents up to age 26.) Until your membership is terminated, you'll be covered only for initial emergency care in accordance with your health plan benefits. Before you move outside the Hawaii service area, you should contact your group benefits representative to discuss your options.

Limit on supplemental charges

The amount of supplemental charges for "Basic Health Services" paid by a member (or family unit of three or more members) in a calendar year is limited for each type of Kaiser Permanente plan.

Members must retain their receipts for the charges they have paid, and when the maximum amount has been paid, they must present these receipts to one of our business offices at Moanalua Medical Center or our Honolulu, Waipio, or Wailuku clinic, or to the cashier at other clinics. After verification that the supplemental charges maximum has been paid, members will be given a card that indicates that no additional

supplemental charges for covered "Basic Health Services" will be collected for the remainder of the calendar year. **Members must show this card** during their visit to ensure supplemental charges for "Basic Health Services" are not billed or collected for the remainder of the calendar year. **All payments are credited toward the calendar year in which the medical services were received.**

Once a member has met his or her supplemental charges maximum, he or she should submit proof of payment as soon as reasonably possible. All receipts must be submitted by the member no later than February 28 of the year following the one in which services were received.

Contact the Kaiser Permanente Customer Service Center at **808-432-5955** (Oahu) or **1-800-966-5955** (Neighbor Islands) for more information.

Requests for services or supplies you have not received

STANDARD DECISION

You, your authorized representative, or treating physician may request that we provide health care services or supplies you have not received but believe you're entitled to receive through Kaiser Permanente. These requests should be submitted in writing to the following address:

Kaiser Foundation Health Plan, Inc.
Attn: Authorizations and Referrals
Management
2828 Paa St.
Honolulu, HI 96819

ADDITIONAL INFORMATION

Your written submission should include your name, the patient's name and medical record number, the specific service or supply you're requesting, and any comments, records, or other information you think is important for our review. We have the right to require that you provide all documents and information that we deem necessary to make a decision.

You may appoint someone to make this request on your behalf. If you choose to appoint a representative, you must name this person in writing and state that he or she may file the request on your behalf. Both you and your representative must sign and date this statement, unless the person is your attorney. When necessary, your representative will have access to your medical information as it relates to the request. If you prefer, you may call our Customer Service Center at **808-432-5955** (Oahu) or **1-800-966-5955** (Neighbor Islands) to request an Appointment of Representative form.

Our standard decision will be made within 14 calendar days from the date we receive your non-urgent pre-service request. If we cannot decide your request within 14 calendar days because we don't have sufficient information or because of other special circumstances, we'll send you a written notice of the circumstances requiring an extension of time and the date by which we expect to render a decision. If we determine that your request is not covered, we'll send you a denial notice, which will include the specific reasons for the denial, refer to the health plan provisions on which our

denial is based, and your appeal rights. You can ask us to reconsider our decision by filing an appeal if you disagree with our denial decision.

EXPEDITED DECISION

You, your authorized representative, or treating physician may ask that we decide your request on an expedited basis if we find, or if your health care provider states, that waiting for a standard decision could seriously affect your health or ability to regain maximum function or would subject you to severe pain that cannot be adequately managed.

You, your authorized representative, or treating physician may request an expedited decision anytime by calling toll free to **1-866-233-2851**, or by faxing, writing, or delivering your request to the same address listed for standard decisions. Our fax number is **808-432-5691**. The fax number for appeals is listed in the "How to file an appeal" section on page 40.

Specifically state that you want an expedited decision. If we have all the information we need to make a decision and your request qualifies for expedited review, then we'll give our decision to you orally or in writing within 72 hours of our receipt of your request. If we gave you our decision orally, then we must send you written confirmation within three calendar days following our oral notice. We will decide your request within 24 hours if we have all the information we need to make a decision when your request relates to an ongoing (sometimes called "concurrent") course of treatment

ADDITIONAL INFORMATION

that is being terminated or reduced and you make your request for continued coverage within 24 hours before the services are scheduled to end.

If your request qualifies for expedited review but you don't provide us with sufficient information to determine coverage, we'll inform you within 24 hours of our receipt of your request and give you at least 48 hours to provide us with the specified information. If we decide that your request is not covered, we'll send you a denial notice, which will include the reason for the denial and your appeal rights. If you disagree with our decision, you can ask us to reconsider our decision by filing an appeal, using the appeal procedures described in the "How to file an appeal" section.

You may appoint someone to file your expedited request on your behalf by following the steps described earlier in the "Standard decision" section. If a health care provider with knowledge of your condition makes a request for an expedited decision on your behalf, we don't require you to appoint your health care provider in writing.

Filing a claim

HOW TO FILE A CLAIM

You can be reimbursed for covered care received from a non-Kaiser Permanente practitioner or provider, based on:

- Written referral by a Kaiser Permanente physician that is authorized by Kaiser Permanente.
- Emergency care.
- Out-of-state urgent care when traveling.

You or the provider should submit a claim form, including itemized statements describing the services received. We review and authorize claims after the service has been provided, not during an emergency or urgent episode.

Filing a claim does not guarantee payment of the claim. If approved, reimbursement is made to providers according to your health plan benefits. If you paid for services, you may file a claim by sending the patient's name and medical record number, paid receipts, medical documentation, and a written statement describing the sequence of events to the following address within 90 days (or as soon as reasonably possible) after the patient received the out-of-plan emergency or out-of-area urgent care:

Kaiser Foundation Health Plan, Inc.
Attn: Claims Administration
80 Mahalani St.
Wailuku, HI 96793

You may appoint someone to file the claim on your behalf by naming this person in writing and stating that he or she may file the claim on your behalf. When necessary, your representative will have access to medical information about you that relates to the request.

CLAIM DECISIONS

Our standard decision will be made within 30 calendar days from the date we receive your post-service claim for payment. If we don't have sufficient information to make a decision, we'll send you a written notice about the next steps available to you. If we determine

ADDITIONAL INFORMATION

that your claim is not covered, we'll send you a denial notice, which will include the specific reasons for the denial, refer to the health plan provisions on which our denial is based, and state your appeal rights. If you disagree with our denial decision, you can file an appeal by following the appeal procedures described in the "How to file an appeal" section.

You may request a free copy of (1) all documents and information relevant to your request for payment or coverage; (2) any rule, guideline, or protocol we relied upon in denying the service or supply you requested; and (3) the identity of any experts whose advice was obtained by us in connection with our denial of your request.

You also have the right to request the diagnosis and treatment codes and their meanings that are the subject of your claim for coverage or payment. You can request this information by calling Claims Administration Customer Service at **1-877-875-3805** (toll free).

When a health plan like Kaiser Permanente issues an adverse benefit determination, the federal Affordable Care Act requires the health plan to notify recipients of the notice of their right to request language assistance to understand the denial notice and their appeal rights. The law also requires health plans to notify recipients of the right to request translation of the denial notice. The right to request language assistance or translation is limited to residents who live at an address in a county where a federally mandated threshold language applies. A county

meets a language threshold if at least 10 percent of the population is literate only in the same federally mandated non-English language. At the time these requirements went into effect, the State of Hawaii did not have any counties with a population group that met a language threshold. You can contact our Customer Service Center at **808-432-5955** (Oahu) or **1-800-966-5955** (Neighbor Islands) for help with questions about the process.

How to file an appeal STANDARD APPEAL

If we deny your request for payment or coverage, you have the right to file an appeal and ask that we reconsider our decision. Generally, we'll issue a written notice that tells you the specific reasons why we denied coverage or payment for the item or service. The notice will describe your appeal rights and how to file an appeal. You must submit your appeal within 180 days of the date of our denial notice.

You may appoint someone to file the appeal on your behalf. If you choose to appoint a representative, you must name

ADDITIONAL INFORMATION

this person in writing and state that he or she may file the appeal on your behalf. Both you and your representative must sign and date this statement, unless the person is your attorney. Appeals filed on your behalf by anyone without your written authorization may not be opened. When necessary, your representative will have access to medical information about you that relates to the request. If you prefer, you may call our Customer Service Center at **808-432-5955** (Oahu) or **1-800-966-5955** (Neighbor Islands) to request an Appointment of Representative form.

File your appeal by mail or deliver to:
Kaiser Foundation Health Plan, Inc.
Attn: Regional Appeals Office
2828 Paa St.
Honolulu, HI 96819

Include in your appeal your name, the patient's name, and medical record number, the date, the nature of our decision that you're appealing, and all comments, documents, and other information you want us to consider regarding your appeal. Fax your appeal to **808-432-5667** or file it by electronic mail at **KPHawaii.Appeals@kp.org**.

Question about the appeals process?
Contact the Customer Service Center
808-432-5955 (Oahu)
800-966-5955 (Neighbor Islands)

Standard appeals must be filed on weekdays during office hours from 7 a.m. to 7 p.m. The receipt date for appeals filed after office hours or on weekends will be the next business day.

When received, your appeal will be prepared for internal review. Generally, we'll provide you with our written decision within 30 calendar days. Appeal reviews will consider all information you submit (whether or not that information was submitted with your initial request for payment or coverage), will be decided by a different reviewer than the person who denied your initial request, and will not give deference to the initial decision you're appealing. When you appeal, you may give testimony in writing or by telephone. Please call the Customer Service Center to get information about giving testimony by phone. If we consider, rely upon or generate any new or additional evidence in our appeal review, or if our appeal decision is based on a new or additional coverage rationale, we will provide you, free of charge, such evidence or coverage rationale as soon as possible and give you a reasonable opportunity to respond before our decision is due. If you do not respond before we must make our decision, our decision will be based on the information that we have on hand. If we continue to deny your request after our appeal is completed, our written notice to you will include the specific reasons for the decision and reference the specific plan provisions on which our decision was made. If you are not satisfied with our decision, you may request external review as noted later in this section.

Appeals related to claims for payment (post-service requests) filed by members on employer group plans will be processed through two internal levels of

ADDITIONAL INFORMATION

review. When received, your post-service appeal will be prepared for a first-level review. Generally, we will provide you with our written decision within 30 calendar days. If you are not satisfied with the first-level decision, you may request a second-level review by our Regional Appeals Committee within 60 days of the date of the first-level decision letter. We'll acknowledge receipt of your second-level appeal and provide you with our written decision within 30 calendar days of our receipt of the request.

You may request a free copy of (1) all documents and information relevant to your initial claim and appeal; (2) any rule, guideline, or protocol we relied upon in denying the service or supply you requested; and (3) the identity of any experts whose advice was obtained by us in connection with our denial of your request. You can request the information by calling our Customer Service Center at **808-432-5955** (Oahu) or **1-800-966-5955** (Neighbor Islands).

You also have the right to request the diagnosis and treatment codes and their meanings that are the subject of your claim. You can request this information by calling Claims Administration Customer Service at **1-877-875-3805** (toll free).

When a health plan like Kaiser Permanente issues an adverse benefit determination, the federal Affordable Care Act requires the health plan to notify recipients of the notice of their right to request language assistance to understand the denial notice and their appeal rights. The law also requires health plans to notify recipients of the

right to request translation of the denial notice. The right to request language assistance or translation is limited to residents who live at an address in a county where a federally mandated threshold language applies. A county meets a language threshold if at least 10 percent of the population is literate only in the same federally mandated non-English language. At the time these requirements went into effect, the State of Hawaii did not have any counties with a population group that met a language threshold. You can contact our Customer Service Center at **808-432-5955** (Oahu) or **1-800-966-5955** (Neighbor Islands) for help with questions about the process.

EXPEDITED APPEAL

You may ask that we make an expedited decision on your appeal. The expedited procedure applies to denied requests for services or supplies that you have not yet received or are currently receiving that are being reduced or terminated. It does not apply to denied requests for payment for services or supplies that you have already received.

We will make an expedited decision in not longer than 72 hours if we find, or if your physician states, that reviewing your appeal under the 30-day process would seriously jeopardize your life or health, seriously affect your ability to regain maximum function, or subject you to severe pain that cannot be adequately managed without the care or treatment you are requesting. Our decision may take longer if we have to wait for information from you or medical records about your case, but we must make a

ADDITIONAL INFORMATION

decision within 72 hours of our receipt of such additional information.

You or your physician may request an expedited appeal anytime by calling toll free to **1-866-233-2851**, or by faxing, writing, or delivering your request to the same address and phone numbers listed for standard appeals. If we determine that your request does not meet the criteria for an expedited appeal, we'll automatically review your appeal under the 30-day process.

Different procedures apply to the following plans: Kaiser Permanente Senior Advantage, Kaiser Permanente Medicare Cost, Kaiser Permanente QUEST, the Federal Employees Health Benefits Program, and Kaiser Permanente Individuals and Families. Members on these plans should consult their respective *Evidence of Coverage*, handbook, or brochure for a description of the claims and appeals procedures that apply to them.

EXTERNAL APPEAL WITH AN INDEPENDENT REVIEW ORGANIZATION

Once you've exhausted your internal appeal rights and we've continued to deny coverage or payment as stated in any final adverse benefit determination (ABD) notice that you receive from us, you can request an external appeal with an independent review organization (IRO). The process is available for decisions about medical judgment including one based on our requirements for medical necessity, appropriateness, health care setting, level of care of

effectiveness of a covered service, or our determination that the requested care or service is experimental or investigational. If our ABD does not involve medical judgment or medical information, then your request is not eligible for external review through the Hawaii state process.

An IRO is independent from Kaiser Permanente and has the authority to overturn our denial of coverage or payment. The IRO that is responsible for conducting your external appeal is based on your Kaiser Permanente plan.

Our adverse benefit determination notice will contain information about the IRO that applies to you and instructions on filing an external appeal with the IRO. You may also be able to simultaneously request external review as permitted under federal law in connection with an expedited internal appeal.

If you are covered by a state or county employee plan, certain employee disability or a qualified church plan, or an employee health plan subject to ERISA (the Employee Retirement Income Security Act), then you may have the right to request external review by the Hawaii Insurance Commissioner. You, your appointed representative, or treating provider may file the request for review. Requests for external review must be submitted to the commissioner within 130 days of your receipt of Kaiser Permanente's final adverse decision. Requests for external review may be filed at the address below or by facsimile to **808-587-5379**. You can reach the Health Insurance Branch of the Hawaii Insurance Division by calling **808-586-2804**.

ADDITIONAL INFORMATION

State of Hawaii DCCA
Insurance Division - External Appeals
335 Merchant St., 2nd Floor
Honolulu, HI 96813

If the request is determined eligible for external review, the commissioner will assign the case to an IRO approved by the Insurance Division within three business days. Once assigned, the IRO will notify you and Kaiser Permanente within five business days that the external appeal has been opened for review. We must submit to the IRO within five business days of our receipt of the notice from the IRO all the documents and information that we considered during our internal review of your request. You or your authorized representative may submit additional written information to the IRO within five business days of your receipt of the notice from the IRO.

The IRO will perform the external review by considering the information noted above and the terms of your Kaiser Permanente plan as well as your medical records, any recommendations from your attending health care professional, additional consulting reports from appropriate health care professionals, the medical necessity statute defined under Hawaii law (Hawaii Revised Statutes chapter 432E-1), the most appropriate practice guidelines, any applicable clinical review criteria developed and used by Kaiser Permanente, and the opinion of the IRO's clinical reviewer. The IRO will not be bound by our initial and appeal adverse decisions in deciding your external appeal. The IRO will send you its decision in writing within 45 days of

receiving your external review request. In the event the IRO reverses our adverse decision, we must immediately cover or pay for the service or item that you are requesting.

EXPEDITED EXTERNAL APPEAL

Expedited review may be requested from the commissioner by you, your authorized representative, or health care provider if processing under the standard timeframe would result in serious jeopardy to your life or health, seriously affect your ability to regain maximum function, or subject you to severe pain that cannot be adequately managed without the care or treatment you are requesting. Expedited review may also be requested from the commissioner if your appeal involves admission to a facility for health care services, the availability of care or a continued stay at a facility for health care services, or a health care service that you are receiving during an emergency visit before you are discharged from the facility where the emergency services are being obtained. If your request qualifies for expedited processing at the time you receive our initial adverse benefit determination or file your internal appeal, you have the right to simultaneously request expedited review with the commissioner. The expedited process does not apply to services or items that you have already received.

If the request is determined eligible for expedited external review, the commissioner will immediately assign the case to an IRO approved by the Insurance Division and provide Kaiser Permanente

ADDITIONAL INFORMATION

with the name of the IRO. We must transmit to the IRO in an expeditious manner all the documents and information that we considered during our internal review of your request.

The IRO will perform the external review by considering the same types of information as noted earlier under the standard process. The IRO will not be bound by our initial and appeal adverse decisions in deciding your external expedited appeal. The IRO will notify you of its decision as expeditiously as your medical condition or the circumstances require, but in no event more than 72 hours of its receipt of your eligible expedited request. If its decision was provided verbally at first, then the IRO must send written confirmation within 48 hours of its verbal notice. In the event the IRO reverses our adverse decision, we must immediately cover or pay for the service or item that you are requesting.

EXTERNAL REVIEW REQUESTS FOR EXPERIMENTAL OR INVESTIGATIONAL SERVICES OR TREATMENTS

Additional procedures apply to a request involving an experimental or investigational service or treatment. You or your authorized representative may make an oral request for expedited review if your treating physician certifies in writing that the service or treatment you are requesting would be significantly less effective if it was not initiated promptly. This certification must be filed promptly with the commissioner following your oral request for review. If you or your authorized representative request expedited review in writing rather than

orally, you must include your treating physician's written certification with the written request. If your request is determined eligible for expedited review, the commissioner must immediately assign the case to an IRO approved by the Insurance Division and provide Kaiser Permanente with the name of the IRO. We must transmit to the IRO in an expeditious manner all the documents and information that we considered during our internal review of your request.

Within three business days after being assigned to perform the external review, the IRO will select one or more clinical reviewers who are experts in the treatment of the condition and knowledgeable about the service or treatment that is the subject of the request. Each clinical reviewer must provide an opinion regarding whether the service or treatment should be covered. This opinion must be provided to the IRO orally or in writing as expeditiously as your condition requires but in no event more than five calendar days after the reviewer was selected. If the opinion was provided orally, then the reviewer must provide a written report to the IRO within 48 hours following the date the oral opinion was provided. The IRO must provide you, your authorized representative, and Kaiser Permanente with its decision either orally or in writing within 48 hours after it receives the opinion. If its decision was provided orally, then the IRO must send its decision in writing within 48 hours of the oral notice. If a majority of the clinical reviewers recommend that the service or treatment should be covered, then the

ADDITIONAL INFORMATION

IRO must reverse Kaiser Permanente's adverse decision. If a majority of the reviewers recommend that the service or treatment should not be covered, then the IRO will make a decision to uphold Kaiser Permanente's adverse decision. If the reviewers are evenly split as to whether the service or treatment should be covered, then the IRO must obtain the opinion of another clinical reviewer. The processing timeframes are not extended if the IRO needs to obtain the opinion of an additional reviewer.

For non-expedited requests involving an experimental or investigational service or treatment that are determined eligible for external review, the commissioner has three business days after the eligibility decision was made to assign the case to an IRO approved by the Insurance Division and provide Kaiser Permanente with the name of the IRO. We must submit to the IRO within five business days of our receipt of the name of the IRO all the documents and information that we considered during our internal review of your request. You or your authorized representative may submit additional written information to the IRO within five business days of your receipt of the commissioner's notice that your case was assigned to an IRO. The IRO must select one or more clinical reviewers within three business days after it was assigned to perform the external review. Each reviewer must provide its opinion to the IRO in writing within 20 days of the date the IRO was assigned to perform the review. The IRO must then provide its written decision to you, your authorized representative, and Kaiser Permanente

within 20 days after the opinions were received. The IRO must decide to reverse or uphold Kaiser Permanente's adverse decision in the same manner discussed earlier based on a majority of the clinical reviewers' recommendations.

PROCEDURES APPLICABLE TO ALL REQUESTS FOR EXTERNAL REVIEW

The IRO's decision is binding on you and Kaiser Permanente except for any additional remedies that may be available to you or Kaiser Permanente under applicable federal or state law. You or your authorized representative may not file a subsequent request for external review involving the same adverse decision for which you already received an external decision.

When filing any request for external review, you must include a copy of Kaiser Permanente's final ABD with your request, unless you are seeking simultaneous expedited external review or we have substantially failed to comply with our internal appeals procedure. You or your authorized representative will also be required to authorize the release of your medical records that need to be reviewed for the external appeal, as well as provide written disclosure that permits the commissioner to perform a conflict of interest evaluation as part of the selection process for an appropriate IRO. You can find forms that meet each requirement on our website at **kp.org** or by calling our Customer Service Center at **808-432-5955** (Oahu) or **1-800-966-5955** (Neighbor Islands). Lastly, a \$15 filing fee must be included with the external appeal request. The filing fee will be

ADDITIONAL INFORMATION

refunded if Kaiser Permanente's adverse determination is reversed through the external review or the commissioner waives the fee because it poses an undue hardship on you. Your request will be considered incomplete and the external review delayed if you do not submit all the required information with the request.

When you submit a request for external review, the commissioner will inform Kaiser Permanente about your request. We will be responsible for notifying the commissioner and you or your authorized representative in writing whether the request is complete and eligible for external review. If we believe your request is not eligible for external review, you may file an appeal with the commissioner. Our notice of ineligibility will include information on requesting this appeal.

You must exhaust Kaiser Permanente's internal claims and appeals process before you may request external review, except 1) when external review is permitted to occur simultaneously for requests that qualify for expedited review, or 2) we have failed to comply with applicable claims and appeals requirements under federal or state law. You may have certain additional rights if you remain dissatisfied after you have exhausted our internal claims and appeals procedures and external review. If you are enrolled through a plan that is subject to ERISA, you may file a civil action under section 502(a) of ERISA. To understand these rights, you should check with your benefits office or contact the Employee

Benefits Security Administration (part of the U.S. Department of Labor) at **1-866-444-3272**. Alternatively, if your plan is not subject to ERISA (for example, most state or local government plans and church plans or all individual plans), you may have a right to request review in state court.

Different procedures apply to the following plans: Kaiser Permanente Senior Advantage, Kaiser Permanente Medicare Cost, Kaiser Permanente QUEST, the Federal Employees Health Benefits Program, and Kaiser Permanente Individuals and Families. Members on these plans should consult their respective *Evidence of Coverage*, handbook, or brochure for a description of the independent external review procedures that apply to them.

Binding arbitration

Except for certain situations outlined in your *Group Medical and Hospital Service Agreement*, all claims, disputes, or causes of action arising out of, or related to, your *Group Medical and Hospital Service Agreement*, its performance or alleged breach, or the relationship or conduct of the parties, must be resolved by binding arbitration. **For claims, disputes, or causes of action subject to binding arbitration, all parties give up the right to jury or court trial.** For a complete description of arbitration information, please refer to your *Group Medical and Hospital Service Agreement*, which you may obtain from your employer or group administrator.

ADDITIONAL INFORMATION

Third-party liability

Kaiser Permanente has the right to recover the cost of care for a member's injury or illness caused by another person or in an auto accident from a judgment, settlement, or other payment paid to the member by an insurance company, individual, or other third party.

Utilization management

Utilization management (UM) describes the methods we use to ensure you receive the right care at the right time in the right place. We use the advice and cooperation of practitioners and providers to ensure quality, cost-effective care for members. Some of these services, which we continuously monitor and evaluate, are:

- Review of hospital admissions
- Review of referred services
- Review of post-service claims
- Case management services for certain medical conditions
- Clinical pharmacist services
- Care maps and clinical practice guidelines

If, at any time, you feel you are not receiving coverage for an item or service that you believe is medically necessary, you have the right to make a request for services or supplies you have not received, or to file a claim for payment of charges you've incurred. If you don't agree with our decision regarding your request, you have the right to request an appeal.

Kaiser Permanente physicians, employees, and affiliated practitioners (professionals contracted with Kaiser Permanente) who make decisions about your medical treatments and services have a primary focus on providing the level of care that is appropriate for your needs. All UM decision making is based on evidence that service and care are medically necessary and appropriate. There is no reward for denying care and no financial incentives that encourage denial of service of coverage that may result in underutilization.

YOUR RIGHTS

AND RESPONSIBILITIES

You are our partner in your health care, and your participation in decisions about your health care is important. Your willingness to speak with your doctor and other health care practitioners about your needs can help us provide you with the right type of care.

For detailed information about your rights to privacy, please refer to your Notice of Privacy Practices on our Web site at kp.org. Simply click on the "Privacy practices" link at the bottom of the page, and then click on the "Hawaii" link. Or contact our Customer Service Center at **808-432-5955** (Oahu) or **1-800-966-5955** (Neighbor Islands).

Your rights

As a person using our services, you have specific rights regardless of your age, cultural background, gender, gender identity, sexual orientation, financial status, national origin, race, religion, or disability.

You have a right to:

- Receive information about Kaiser Permanente, our services, our health care practitioners and providers, and your rights and responsibilities.
- Get information about the people who provide your health care, including their names, professional status, and board certification.
- Be treated with consideration, compassion, and respect, taking into account your dignity and individuality, including privacy in treatment and care.
- Make decisions about your medical care. This includes advance directives to have life-prolonging medical or surgical treatment given, ended, or stopped; withholding resuscitative services; and care at the end of life. You have the right to assign another person to make health care decisions for you, to the extent allowed by law.
- Discuss all medically necessary treatment options, regardless of cost or benefit coverage.
- Voice your complaints freely, without fear of discrimination or retaliation. If you are not satisfied with how your complaint was handled, you may have us reconsider your complaint.
- Make recommendations regarding Kaiser Permanente's Member Rights and Responsibilities statement.
- Be involved and include your family in the planning of your medical care. You have the right to be informed of the risks, benefits, and consequences of your actions. You may refuse to participate in experimental research.
- Choose your primary care physician, change your primary care physician, or obtain a second opinion within Kaiser Permanente. You also have the right to consult with a non-Plan doctor at your own expense.
- Establish a relationship with a specialist or qualified practitioner of women's health services to assure your continuing care for specific conditions.
- Receive information and discuss with your doctor your medical condition, available treatment options, alternatives, and diagnosis in a manner

YOUR RIGHTS AND RESPONSIBILITIES

appropriate to your condition and ability to understand.

- Obtain language interpretation services when required to understand your care and services.
- Be involved in the consideration of bioethical issues. You have the right to contact our Bioethics Committee for help in resolving ethical, legal, and moral matters relating to your care.
- Be informed of the relationship between Kaiser Permanente and other health care programs, providers, and schools.
- Be informed about how new technologies are evaluated in relation to benefit coverage.
- Receive the medical information and education you need to participate in your health care.
- Give informed consent before the start of any procedure or treatment.
- Have access to medically necessary services and treatment including emergency treatment, and covered benefits, in a timely and fair way. Services should not be arbitrarily denied or reduced in amount, duration or scope solely because of diagnosis, type of illness, or condition.
- Have your cultural, psychological, social, and spiritual needs considered and respected.
- Be assured of privacy and confidentiality of all communications and records related to your care and have your confidentiality protected. You or a person you choose can request and receive a copy of or access your medical records and request to amend or correct the record, within the limits of

the law. In addition, you have the right to limit, restrict or prevent disclosure of protected health information.

- Be treated in a safe, secure, and clean environment free from physical and drug restraints except when ordered by a doctor or, in the case of an emergency, when it is necessary to protect you or others from injury.
- Receive appropriate and effective pain management as an important part of your care plan.
- Get an explanation of your bill and benefits regardless of how you pay. You have the right to know about our available services, referral procedures, and costs.
- Receive other information and services required by various state or federal programs.
- When appropriate, be informed about the outcomes of care, including unanticipated outcomes.

Your responsibilities

As a partner in your health care, you have a responsibility to:

- Provide accurate and complete information about your present and past medical conditions.
- Follow the treatment plan agreed on by you and your health care practitioner. You have a responsibility to inform your health care practitioner if you do not understand or cannot follow through with your treatment.
- Understand your health problems and participate in developing mutually agreed-upon treatment goals, to the extent possible.

YOUR RIGHTS AND RESPONSIBILITIES

- Identify yourself appropriately and use your Kaiser Permanente identification card in accordance with Kaiser Permanente policies and procedures.
- Cooperate with our staff to help ensure proper diagnosis and treatment of your illness or condition.
- Keep your appointments or, if you cannot keep them, cancel appointments in a timely manner.
- Know your benefit coverage and its limitations.
- Cooperate in signing a release form when you choose to refuse recommended treatment or procedures.
- Realize the effects your lifestyle has on your health and understand that decisions you make in your daily life, such as smoking, can affect your health.
- Be considerate of others by respecting the rights and feelings of the staff and respecting the privacy of other patients.
- Refrain from disturbing or disrupting operations and administration, and cooperate with our staff to allow services to other patients to be performed without interruption.
- Follow all hospital, clinic, and health plan rules and regulations, including respecting hospital visiting hours.
- Pay your bills when they're due and cooperate in the proper processing of third-party payments.
- Inform us when you or your covered dependents change addresses.

Patient safety

Kaiser Permanente is committed to being a national leader in patient safety. We strive to provide care that is reliable,

effective, consistent, and safe. We believe that patient safety is every patient's right and every person's responsibility.

To foster mutual responsibility and accountability for patient safety throughout Kaiser Permanente, we'll continue to implement activities broadly aimed at achieving the following ideals:

- **Safe Culture:** Create and maintain a strong, unified patient safety culture, with patient safety and error-reduction embraced as shared organizational values.
- **Safe Care:** Ensure that the actual and potential hazards associated with high-risk procedures, processes, and patient care populations are identified, assessed, and controlled in a way that demonstrates continuous improvement and moves the organization toward the ultimate objective of ensuring our patients' freedom from accidental injury or illness.
- **Safe Staff:** Ensure that our staff has the knowledge and competence to safely perform required duties and improve system safety performance.
- **Safe Support Systems:** Identify, implement, and maintain support systems that provide the right information to the right people at the right time. This includes responsible reporting.
- **Safe Place:** Design, construct, operate, and maintain the environment of care as well as evaluate, purchase, and utilize equipment and products in a way that enhances the efficiency and

effectiveness with which safe health care is provided.

- **Safe Patients:** Engage the patient and his or her family, as appropriate, in reducing medical errors and improving overall system safety performance.

It's important that you take an active role in ensuring your own patient safety. Here are some ways you can work with your medical team to help keep yourself safe when visiting our medical offices or as a patient in the hospital:

- **Ask questions:** It's OK to ask questions and to expect answers you can understand.
- **Know the members of your medical team:** All health care professionals must wear identification badges. Don't hesitate to ask them to show their identification badges.
- **Wash your hands:** Hand washing prevents the spread of infections. Wash your hands after you move around the room, touch things, or use the bathroom. Don't hesitate to ask your

YOUR RIGHTS AND RESPONSIBILITIES

medical team and visitors if they have washed their hands.

- **Share important health information with your medical team:** Several staff members may ask you the same questions— that’s OK. It’s part of making sure you receive safe care. Discuss all of the medications you’re taking, including herbal and over-the-counter medications.
- **Know how to use your medications:** If you don’t understand why you’re taking a medicine, ask. Ask about side effects and what food or drinks to avoid when taking any medication. Read the labels and all warnings. Make sure that it’s the medication ordered for you and that you know what to expect.
- **Make sure that you’re receiving the correct treatment:** Make sure that all staff members check your identification wristband (if in the hospital) when you receive medication or treatments. When visiting our medical offices, make sure staff members check your name and birth date. Bringing proper identification, including a photo ID, helps to ensure that we have the correct member when registering you for services.
- **Get all your test results:** Don’t assume that the results of your test are OK— always ask for your results. Ask when and how you can expect to receive them.
- **Before you leave the medical offices or hospital:** Make sure you know what you need to do next and who to contact if you have questions.

- **Always carry a list of your current medications with you:** Make sure that you keep an updated list of your medications with you, including the doses and how often you’re taking each one. When you’re admitted to the hospital, your health care team can make sure that your medications don’t interfere with your current treatment and won’t interact with other medications. Make sure you also list any over-the-counter and herbal medications.

If you have concerns about patient safety or quality of care while in the hospital or home health facility: Please speak with the physician in charge or ask for the department manager. If you still have concerns, please contact Hospital Administration. You may find them on the first floor of the hospital, or you can reach them through the hospital operator at **808-432-0000**.

You may contact the Joint Commission’s Office of Quality Monitoring at **1-800-994-6610** or by emailing complaint@jointcommission.org fax: **(630) 792-5636** or mail to: TJC- Office of Quality Monitoring, One Renaissance Blvd. Oakbrook Terrace, IL 60181

Hospital patient rights

As a person receiving our services, you have specific rights regardless of your age, cultural background, gender, gender identity, sexual orientation, financial status, national origin, race, religion, or disability.

YOUR RIGHTS AND RESPONSIBILITIES

As a patient in the Moanalua Medical Center, you also have the right to:

- Receive information about your rights and responsibilities when you're admitted.
- Receive orderly transfer and discharge for your welfare, for other patients' welfare, or other causes as determined by your physician. Also, you have the right to receive reasonable advance notice and discharge planning by qualified hospital staff to help ensure appropriate post-hospital placement and care.
- Request visits by clergy at any time and participate in social and religious activities, unless doing so infringes on the rights of other patients or would compromise your medical care.
- Receive and use your own clothing and possessions as space permits, unless doing so infringes on the rights of other patients, is in violation of hospital safety practices, or would compromise your medical care.
- Access appropriate educational services when a child or adolescent patient's treatment necessitates a significant absence from school.
- Protection from requests to perform services for Kaiser Foundation Hospital that are not included for therapeutic purposes in your plan of care.
- Be free from any form of restraint or seclusion as a means of coercion, discipline, convenience or retaliation as specified in federal regulations on the use of restraints and seclusion.
- Give informed consent before the start of recording, films, or other images for purpose of nonpatient care.

- Access protective and advocacy services.

File a complaint in the hospital by first asking to speak with the department manager or supervisor. If you are not satisfied with the response, contact Hospital Administration. About quality care

Each year, Kaiser Permanente drafts a quality summary report that identifies the goals, objectives, and activities we use to improve care and service to members and our community. For a free copy of this report, please call our Customer Service Center at **808-432-5955** (Oahu) or **1-800-966-5955** (Neighbor Islands). You may also view the report on our Web site at **kp.org**

Privacy information

Your privacy is important to us. Our physicians and employees are required to keep your protected health information (PHI) confidential whether it is oral, written, or electronically transmitted. We have policies, procedures, and other safeguards in place to help protect your PHI from improper use and disclosure in all settings, as required by state and federal laws.

We will release your PHI when you give us written authorization to do so, when the law requires us to disclose information, or under certain circumstances when the law permits us to use or disclose information without your permission. For example, in the course of providing treatment, our health care professionals may use and disclose your PHI in order to provide and coordinate your care, without obtaining your authorization.

Your PHI may also be used without your authorization to determine who is responsible to pay for medical care and for other health care operations purposes such as quality assessment and improvement, customer service, and compliance programs. If you are enrolled in Kaiser Permanente through your employer or employee organization, we may be allowed under the law to disclose certain PHI to them, such as information regarding health plan eligibility or payment, or regarding a workers' compensation claim. Sometimes, we contract with others (business associates) to perform services for us and in those cases, our business associates must agree to safeguard any PHI they receive.

Our privacy policies and procedures include information about your right to see, correct or update, and receive copies of your PHI. You may also ask us for a list of our disclosures of your PHI, which we are required to track under the law.

For a more complete explanation of our privacy policies, please request a copy of our Notice of Privacy Practices, which is on our Web site (**kp.org**) and in our medical offices, by calling our Customer

New medical technologies receive thorough review

Doctors depend on research and advances in science to give their patients a better and sometimes longer life. Our Interregional New Technologies Committee, made up of physicians and scientists from across Kaiser Permanente nationwide, studies medical advances to ensure they are tested, safe, and helpful. By continually reviewing medical advances and our benefit coverage, we strive to provide advanced, effective, and efficient medical care. If you would like to know more about the review process for medical technologies in relation to benefit coverage, please call our Customer Service Center at **808-432-5955** (Oahu) or **1-800-966-5955** (Neighbor Islands).

Advance Health Care Directives

At Kaiser Permanente Hawaii, we support your right to make decisions regarding your health care, and we want to know how to manage your health care when you can no longer tell us. In fact, we encourage you to make these important decisions now, when you're healthy. With an Advance Health Care Directive, you can take charge of your health care and help ensure that your wishes will be respected.

By putting your wishes in writing, you can be sure that your family and health care team will know your preferences if you become unable to make decisions for yourself. By clarifying your wishes when you're able to think clearly about them, you free your family from having to make difficult decisions for you. Your completed document(s) will be available 24 hours a day from Kaiser Permanente.

If you want more information or to request a forms packet, please contact our Customer Service Center at **808-432-5955** (Oahu), **1-800-966-5955** (Neighbor Islands) or **1-877-447-5990** (toll free) TTY hearing/speech impaired.

ELIGIBILITY

AND ENROLLMENT

Who may enroll

You and your eligible dependents may enroll if you live in the Hawaii service area of Oahu, Maui, Kauai, Lanai, Molokai, and Hawaii at the time of enrollment. After enrollment, you must continue to live in the Hawaii service area in order to remain a member. Subscribers who work, but don't live, in the Hawaii service area may also enroll.

As the subscriber, you may enroll within 31 calendar days of becoming a newly eligible employee or during your employer group's open enrollment period. There is generally a 30-day waiting period after your application has been submitted. The following family dependents may enroll with you:

- Your spouse.
- Your and/or your spouse's dependent children (biological, adopted, or step) under age 26.
- Your and/or your spouse's disabled children (biological, adopted, or step) who are incapable of self-sustaining employment because of a physically or mentally-disabling injury, illness, or condition that occurred prior to reaching age 26, and receive 50 percent or more of their support and maintenance from you or your spouse. You must apply for continued enrollment for disabled dependents and you must furnish proof of the incapacity and dependency within 31 calendar days of any request from us.

- Any other person who is under age 26, for whom you or your spouse is (or was before the person's 18th birthday) the court-appointed guardian, and with whom you are living in a parent child relationship.
- Newly eligible dependents, such as a new spouse, a newborn child, or children placed with you for adoption, if you apply and pay any applicable dues within 31 calendar days of their becoming eligible to enroll (that is, date of marriage or civil union, date of birth, or date of placement for adoption) and provide us with any documentation we may reasonably request.

If you are enrolled through an employer-sponsored plan, your eligibility guidelines may differ from those included in this *Member Handbook*. Please contact your employer for more details on eligibility rules.

For a listing of special enrollment provisions, see page 63.

Timely enrollment

As the subscriber, you may enroll any newborn or adopted child who newly attains eligibility to become a family dependent. To do so, submit a change of enrollment form to your employer group and have your employer group submit the completed enrollment form to Kaiser Permanente within 31 calendar days of the newborn's birth or of the date the adopted child was placed for adoption. If we fail to receive the completed enrollment form by this

ELIGIBILITY

AND ENROLLMENT

deadline, the newborn or adopted child may not be enrolled until your employer group's next open enrollment period.

Effective date for newborns

An eligible newborn's membership is effective from birth if he or she is enrolled within 31 calendar days of birth. However, coverage is subject to your plan's terms and restrictions. For example, if your newborn is delivered by or receives care from a non-Kaiser Permanente practitioner (aside from covered emergency services), the care will not be covered.

For mothers who are covered by a non-Kaiser Permanente insurer, and plan to obtain their prenatal care from a non-Kaiser Permanente physician, plan to have their baby delivered by a non-Kaiser Permanente physician, and then decide to enroll the newborn under the father's Kaiser Permanente plan, any care the newborn received from non-Kaiser Permanente physicians and providers will not be covered. Planned deliveries at non-Kaiser Permanente facilities are not covered.

If you have questions, please call our Customer Service Center at **808-432-5955** (Oahu) or **1-800-966-5955** (Neighbor Islands). For a full description of plan terms, you may also refer to your *Group Medical and Hospital Service Agreement*, which is available from your employer or group administrator.

Effective date for newborns/ children who are subjects of a petition to adopt

An eligible newborn who is the subject of a petition for adoption by the subscriber and who has been treated from birth by a Kaiser Permanente Hawaii physician will have a membership effective date from birth (coverage will be subject to your plan terms and restrictions) if you give Kaiser Permanente written notice of your intent to adopt the newborn prior to birth or within 31 calendar days of the birth of the newborn.

An eligible newborn or child who is the subject of a petition for adoption by the subscriber and who has not been treated from birth by a Kaiser Permanente physician has a membership effective date (coverage will be subject to your plan terms and restrictions) from the earlier of:

- The first calendar day following receipt by Kaiser Permanente of a document authorizing the subscriber to consent to treatment of the newborn/child.
- The date the child is placed for adoption via court order, if Kaiser Permanente receives notification of the placement within 31 calendar days of the placement. We may request a copy of such court order.

ELIGIBILITY

AND ENROLLMENT

Who is ineligible for this plan

You are not eligible to enroll if you or a family member have had entitlement to receive services through Kaiser Foundation Health Plan, Inc., terminated for any of the reasons listed under “Termination of your membership” section, or if you don’t meet plan eligibility criteria.

Medicare eligibility

Medicare is the federal health insurance program for people 65 or older, some people under 65 with certain disabilities, and people of all ages with end-stage renal disease (permanent kidney failure requiring dialysis or kidney transplant).

When you reach 65 or become eligible for Medicare, a change in your premium may occur. You may continue your Kaiser Permanente membership in addition to Original Medicare or you may be eligible for enrollment in Kaiser Permanente Senior Advantage (HMO), our Medicare Advantage plan. Prospective Senior Advantage plan enrollees must reside in the Senior Advantage Hawaii service area of Oahu, Maui, and Hawaii (except for ZIP codes 96718, 96772, and 96777).

To obtain information about your eligibility under Original Medicare, call Medicare **1-800-MEDICARE (1-800-633-4227)**

Web site: [medicare.gov](https://www.medicare.gov)

For more information about whether or not you qualify to enroll in Senior Advantage, call Senior Advantage Plan Customer Service Center

1-800-805-2739

8 a.m.-8 p.m. daily.

Loss of eligibility

When you lose eligibility as a subscriber and your membership ends, membership for family dependents enrolled with you also ends. Your dependents may also lose eligibility as follows:

- Your spouse at the end of the month in which divorce is final.
- Your dependent children at the end of the month in which they no longer meet eligibility requirements under the “Who may enroll” section.

You must notify us immediately of any changes that may affect the eligibility of any enrolled family member.

Termination of your membership

We may terminate a subscriber and his or her family dependents’ membership upon 30 calendar days written notice to the subscriber, if the subscriber or any of the subscriber’s family dependents:

- Knowingly give us incorrect or incomplete information, or failed to inform us of a change in family or Medicare coverage status that may affect eligibility or benefits.
- Knowingly misused or permitted the misuse of a Kaiser Permanente ID card.

If membership is terminated for any of these reasons, all rights to benefits cease as of the date of termination. There is no right to continue coverage, convert to the Kaiser Permanente for Individuals and Families \$30 Conversion Plan, or to enroll in any plan that offers entitlement to services through Kaiser Foundation Health Plan, Inc., at any future time. For a complete description of the termination

ELIGIBILITY AND ENROLLMENT

provisions, please refer to your *Group Medical and Hospital Service Agreement*, which you may obtain from your employer or group administrator.

Termination for discontinuance of a particular plan

As the subscriber, you'll be given 90 calendar days' written notice if Kaiser Permanente stops offering the particular plan in which you're enrolled. Your coverage will end on the day we specify. You may be eligible to convert to the Kaiser Permanente for Individuals and Families \$30 Conversion Plan without a medical screening, if you meet all of the eligibility criteria for that plan.

However, you must enroll within 30 calendar days of your previous plan's termination date. For a complete description of the termination provisions, please refer to your *Group Medical and Hospital Service Agreement*, which you may obtain from your employer or group administrator.

Special enrollment

If you do not enroll when you are first eligible and later want to enroll, you can enroll only during open enrollment unless one of the following is true:

- You become eligible as described in this "Special enrollment" section
- You did not enroll when you were first eligible and your employer group does not give us a written statement that verifies you signed a document

ELIGIBILITY

AND ENROLLMENT

that explained restrictions about enrolling in the future. The effective date of an enrollment resulting from this provision is no later than the first day of the month following the date your employer group receives a Health Plan approved enrollment or change of enrollment form from the subscriber

SPECIAL ENROLLMENT DUE TO NEW DEPENDENTS

You may enroll as a subscriber (along with any or all eligible dependents), and existing subscribers may add any or all eligible dependents, within 31 days after marriage or civil union, birth, adoption, or placement for adoption by submitting to your employer group a Health Plan-approved enrollment form.

The effective date of an enrollment resulting from marriage or civil union is no later than the first day of the month following the date your employer group receives an enrollment form from the subscriber. Enrollments due to birth, adoption, or placement for adoption are effective on the date of birth, adoption, or placement for adoption.

SPECIAL ENROLLMENT DUE TO LOSS OF OTHER COVERAGE

You may enroll as a subscriber (along with any or all eligible dependents), and existing subscribers may add any or all eligible dependents, if all of the following are true:

- The subscriber or at least one of the dependents had other coverage when he or she previously declined Health Plan coverage

- The loss of the other coverage is due to one of the following:

- exhaustion of COBRA coverage
- termination of employer contributions for non-COBRA coverage
- loss of eligibility for non-COBRA coverage, but not termination for cause from Kaiser Permanente health plan for reasons such as:
 - 1) disruptive, unruly or abusive behavior;
 - 2) furnishing incorrect or incomplete information;
 - 3) misrepresentation or misuse of a Kaiser Permanente ID card;
 - 4) or termination from Kaiser Permanente Individual and Families (nongroup) plan for nonpayment. For example, this loss of eligibility may be due to legal separation or divorce, reaching the age limit for dependent children, or the subscriber's death, termination of employment, or reduction in hours of employment
- loss of eligibility for Medicaid coverage or Child Health Insurance Program coverage, but not termination for cause
- reaching a lifetime maximum on all benefits

Note: If you are enrolling yourself as a subscriber along with at least one eligible dependent, only one of you must meet the requirements stated above.

ELIGIBILITY

AND ENROLLMENT

To request enrollment, the subscriber must submit a Health Plan-approved enrollment or change of enrollment form to your employer group within 31 days after loss of other coverage, except that the timeframe for submitting the application is 60 days if you are requesting enrollment due to the loss of eligibility for Medicaid or Child Health Insurance Program (CHIP) coverage. The effective date of an enrollment resulting from loss of other coverage is no later than the first day of the month following the date your employer group receives an enrollment or change of enrollment application from the subscriber.

SPECIAL ENROLLMENT DUE TO COURT OR ADMINISTRATIVE ORDER

A subscriber to provide health care coverage for a spouse or child who meets the eligibility requirements as a dependent, the subscriber may add the spouse or child as a dependent by submitting to your employer group a Health Plan-approved enrollment or change of enrollment form.

Your employer group will determine the effective date of an enrollment resulting from a court or administrative order, except that the effective date cannot be earlier than the date of the order and cannot be later than the first day of the month following the date of the order.

SPECIAL ENROLLMENT DUE TO THE RE-EMPLOYMENT AFTER MILITARY SERVICE

If you terminated your health care coverage because you were called to active duty in the military service, you may be able to be re-enrolled in your employer group's health plan. Please ask your employer group for more information.

SPECIAL ENROLLMENT DUE TO ELIGIBILITY FOR PREMIUM ASSISTANCE UNDER MEDICAID OR CHIP

You may enroll as a subscriber (along with any or all eligible dependents), and existing subscribers may add any or all eligible dependents, if the subscriber or at least one of the enrolling dependents becomes eligible to receive premium assistance under Medicaid or CHIP.

To request enrollment, the subscriber must submit a Health Plan-approved enrollment or change of enrollment form to your employer group within 60 days after the subscriber or dependent is determined eligible for premium assistance. The effective date of an enrollment resulting from eligibility for the premium assistance under Medicaid or CHIP is no later than the first day of the month following the date your employer group receives an enrollment or change of enrollment form from the subscriber.

Note: If you are enrolling yourself as a subscriber along with at least one eligible dependent, only one of you must meet the requirements stated above.
