Health Advocate

Health Advocate is a free program available to you *and* your family — your spouse/partner, children, parents and parents-in-law — regardless of your health coverage. You and your family members do not need to be enrolled or eligible to participate in a medical plan offered by Citi to use Health Advocate.

Health Advocate helps you take control of your health care issues. You and your family can call Health Advocate to speak with a staff of medical professionals and health-related specialists to help you:

- > Resolve insurance claims and billing issues;
- > Identify and make appointments with a hard-to-reach specialist;
- > Obtain additional information about a medical condition;
- > Address medical issues and the health care needs of your family members; and
- > Understand issues related to prescription drugs, such as comparisons between generic and brand-name medications.

Health Advocate's Health Cost Estimator+™ (HCE+) Tool

Health Advocate's Health Cost Estimator+ (HCE+) tool, a phone-based resource, is now available.

Many people do not realize that the cost of a medical procedure can vary by over 100%, even within the same geographic area. With consumers picking up more of the cost of their health care, they need clear, actionable, preservice information to help project their out-of-pocket costs.

Health Advocate's HCE+ pricing transparency tool compares the costs of hundreds of common health care services and procedures by ZIP code. This valuable resource is designed to help you in the decision-making process so you can maximize the value of your health care dollars and reduce health care costs.

Easy Access

Available free to all Citi employees (regardless of whether you are enrolled in a medical plan), the HCE+ pricing transparency tool can be accessed by calling a Health Advocate representative. The representative you speak with will then act as your Personal Health Advocate, perform the research and provide personalized results.

Live Well Health Assessment

The Live Well Health Assessment is a brief online questionnaire that provides a snapshot of your current health status. After completing the Health Assessment, you will receive recommendations about ways to improve your health.

The Live Well Health Assessment is available to active, benefits eligible employees. You do not need to be enrolled in a medical plan offered by Citi to participate. Spouses/partners may also complete the Live Well Health Assessment, but only if they are enrolled in a medical plan offered by Citi.

The Live Well Health Assessment is a simple, secure online questionnaire that takes about 15 minutes to complete. It immediately generates a personalized report summarizing your health. You can use the report to discuss concerns with your doctor, as a checklist of questions to ask or to update your doctor on your health status; for example, if any signs or symptoms are worsening.

Live Well Healthy Activities

The Live Well at Citi Program offers a number of resources to help you develop and maintain healthy habits. Live Well Healthy Activities, offered through RedBrick Health, include supportive online social programs and tools that can help you achieve your wellness goals. - > Live Well Journeys® — online wellness programs, tailored to your interests, that can help you make progress on health topics of your choosing by taking small steps toward your goals.

Your spouse/partner or dependents 18 and over can sign up for programs by visiting the RedBrick Portal at www.MyRedBrick.com/Citi. Just follow the instructions for registering.

Live Well Tobacco Cessation Program

The Live Well Tobacco Cessation Program is available to active, benefits eligible employees and their benefits eligible spouses/partners (regardless of whether they are enrolled in a Citi medical plan).

If you choose the Health Coaching option, your coach will work with you to identify the challenges you face when quitting and set goals to overcome them. You and your spouse/partner may be eligible for free nicotine replacement therapy (NRT). If you have stopped using tobacco products recently, a health coach can help you keep your commitment to being tobacco-free.

Program representatives may reach out to those who have indicated on their Live Well Health Assessment that they use tobacco products or have stopped using tobacco products within the past 12 months, but you do not need to wait to be invited. To get started, log on to the RedBrick Portal or call **1 (855) 814-5595**.

You can also complete an online Live Well Journey® focused on quitting tobacco use. (See below.)

Tobacco Free Attestation

If you and your spouse/partner are enrolled in Citi medical coverage for 2018, during Annual Enrollment you will have the opportunity to complete the Tobacco Free Attestation on Your Benefits Resources™. If during that time you indicate that you use tobacco products (including vapor products and all forms of smokeless tobacco products) or if you fail to complete the Tobacco Free Attestation before your enrollment deadline, you and your covered spouse/partner will each pay a \$600 annual penalty on your health care coverage.

If you participate in the Live Well Tobacco Cessation Program in 2018, you will stop paying the penalty once you complete either the telephonic health coaching program (a minimum of four calls with a health coach) or complete a tobacco-focused Journey through the RedBrick Portal. You will also be refunded for all penalties paid in 2018. In addition, you can earn \$50 toward your Live Well Healthy Activities that can be redeemed for gift cards if you complete the Live Well Tobacco Cessation Program.

IMPORTANT: Even if you plan to continue with your current Citi medical plan, you **must** complete the Tobacco Free Attestation before your Annual Enrollment deadline or you will default to “tobacco user” status and will pay the tobacco penalty in 2018.

Live Well Journeys®

Live Well Journeys are online wellness programs, tailored to your interests, that can help you make progress on health topics of your choosing by taking small steps toward your goals. Journeys can be accessed over the web or via your mobile device.

To get started, select a Live Well Journey and choose the steps you would like to commit to as part of your Journey. Steps may incorporate activities as well as brief videos. You can give feedback on the steps you like and the ones you do not to further personalize your experience. If you are looking for additional encouragement, you can request live support by phone.

Live Well Journeys include Get Strong at Home, Move It and Lose It, Smart Snacking, Dine Out: Take Charge, Make Your Date to Quit, Stress to Energy Sampler and more.

RedBrick Track™

RedBrick Track is a daily wellness tracker that spans a spectrum of daily health habits — getting active, eating healthy and living well — yet takes just a minute or two per day. You can access this fun, easy-to-use tool via the web, a tablet or a mobile phone, or sync up with compatible devices or apps for automatic physical activity tracking.

RedBrick Track helps you maintain and expand your daily healthy habits by reinforcing progress and encouraging you to establish and beat your personal best on the Daily Wellness Meter.

Health Coaching

RedBrick health coaches are certified experts who will work with you by phone to help answer your health questions, provide support in overcoming obstacles and help set small goals to work on between sessions. Choose from topics including managing blood pressure, cholesterol, diabetes, stress and more.

Live Well Chronic Condition Management Programs

The Anthem BlueCross BlueShield, Aetna and Oxford medical plans offered by Citi include access to Live Well Chronic Condition Management Programs for certain members. If you or a covered dependent meets program condition criteria, a nurse from your medical plan may invite you to participate. These programs can help you navigate different care options and manage your treatment plan for many common conditions. Sample management programs include:

- > Disease and chronic condition assistance (e.g., breast cancer, COPD, diabetes);
- > Health coaching;
- > Pregnancy care;
- > NurseLine;
- > And more.

Specific program details will vary based on your medical plan. Call the number on the back of your medical ID card for details about the Live Well Chronic Condition Management Programs that may be available to you.

Citi On-Site Fitness Centers

All Citi Fitness Centers (CFCs) are staffed by degreed fitness professionals who work closely with employees to create customized exercise programs and work together to plan and achieve individual fitness goals. Employees in locations with on-site CFCs who desire membership must complete a health and entry screening process that includes two short appointments during which medical history, program policy, safety, goals and equipment operations are reviewed.

Members are then provided with information and recommendations about frequency, duration, mode and intensity of an individualized exercise program. Fitness center staff members are available and ready to assist with program updates and changes throughout your visits to Citi facilities.

All Citi fitness facilities feature strength and cardiovascular equipment, and most offer a variety of group exercise classes at no additional charge.

CFCs frequently offer motivational or incentive programs; screenings, such as cholesterol, blood pressure and skin cancer; and site-wide events to educate and motivate employees toward healthy lifestyle changes and maintenance.

Most of the CFCs offer towel service at no additional charge, and some offer other services, such as massage therapy, nutrition programming and/or personal training for a fee.

The CFCs have a fee structure that is very competitive with the surrounding geographic area and that typically is well below market rates for similar operations and facilities. For membership fee rates or other information about the CFC, such as hours of operation, group exercise class schedules, equipment offered and upcoming events or news, visit your local CFC or the Live Well at Citi Collaborate site and link to your CFC of interest. Follow Live Well at Citi on Collaborate.

Citi operates On-Site Fitness Centers in the following locations:

Boise (Meridian), ID; Buffalo, Long Island City and New York (388 Greenwich St.), NY; Elk Grove Village (Chicago), IL; Florence, KY; Hagerstown, MD; Sioux Falls, SD; Irving and San Antonio, TX; Jacksonville and Tampa, FL; and Warren, NJ.
